The 3-STEP SAFE PASS

Enterprise, integrated access control to get your customers back to business—one platform, multiple software & hardware configurations

1.
check

Take the Q&A Screening Quiz before arrival

2.
scan

At entry, Scan Temperature

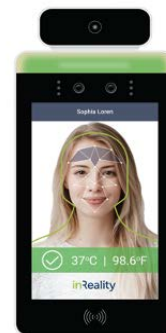

3.
clear

Cleared? Proceed with a Safe Pass

Enterprise Control The Power is in the Platform

- ▶ Efficiently manage oversight with Smart Alerts
- ▶ No additional infrastructure or staff
- ▶ All you need is a browser, zero integration
- ▶ Remotely monitor one-to-many locations
- ▶ Define workflows and data policies to bulletproof privacy + legal compliance
- ▶ Real-time dashboard of results with historical anomalies
